This seminar aims to analyse issues affecting Islamic estate planning instruments available in Malaysia including Labuan IBFC. It is known that creation and development of estate planning instruments catered for Muslims are largely driven by market forces through estate planners, lawyers and other intermediaries.

What are the justifications, legal issues and challenges surrounding these instruments? Our learned speakers will share their insights amongst others on the use of Hibah Trust and Islamic Trust.

Moderator:

Nor Fazlina Mohd Ghouse,
STEP Malaysia Secretary & CEO of Maybank Trustees Berhad
